

# BK1000/BK2000 EconoClean

## Our budget-friendly option

This machine has a 1,000 and 2,000 sq. ft. capacity, respectively. Simply load the barrel with dirty tents, fill with warm water, select your cycle time, and press start. This is a plug-and-go system: no installation needed! Our BK1000 & BK2000 EconoClean models are easy to use with a compact design that is perfect for smaller companies.
